

“The Lord’s Taverners in association with Wheelpower UK officially use the RGK Club Sport to give young disabled people every chance to participate in and enjoy wheelchair sport. We help and encourage many young wheelchair athletes; be it for sheer enjoyment or the competitive element of their chosen sport. We have purchased 500 chairs and donated these to individuals and clubs across the UK. We would recommend this as a great development chair versatile enough for any individual or club.”

► Shona Langridge, The Lord’s Taverners
