

A man with dark hair, wearing a plaid shirt and dark trousers, is sitting in a wheelchair on a dirt path in a forest. The background is filled with trees and foliage, with some light filtering through the leaves. The overall mood is serene and natural.

"As an actor, writer and presenter each day is different for me. I'm on the road almost all the time in planes, trains and cars. I need a wheelchair that copes with hours of use but still looks as good as it does the day it came out of the factory. My MaxLite Titanium has taken some serious punishment from me filming in all kinds of conditions, even in the Alps. It meets every challenge I give it. A truly superb wheelchair for people who want to experience everything life has to offer."

▶ David proud, Former East-Enders actor and international producer and actor
